### Federal Student Loan Debt

Calendar Year	Most Recent 3 year cohort default rate as reported by the US Department of Education <sup>1</sup>	The % of enrolled students receiving federal student loans to pay for this program	The % of Graduates who took out federal student loans to pay for this program	The average amount of federal student loan debt of graduates who took out federal student loans at this institution
2023	0.0	0%	0%	0
2024	0.0	0%	0%	0

<sup>1</sup> The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

The CNA program is not long enough to meet the U.S. Department of Education criteria that would allow CNA students to participate in federal student aid programs.
